

# College of Saint Elizabeth

## Celebrating 120 Years of Learning

**T**he College of Saint Elizabeth (CSE) is a community of learning in the Catholic liberal arts tradition for students of diverse ages, backgrounds and cultures focused on engaged learning for leadership in service to others.

Preparing responsible leaders for meaningful lives in a changing world has been CSE's hallmark since we were founded 120 years ago. We accomplish this by bringing motivated students together with outstanding teachers in small classes and a highly communal student-centered culture emphasizing individualized attention.

CSE is ranked third among private schools in New Jersey on *Money* magazine's "Best Colleges in 2018" list. *U.S. News & World Report* lists CSE among "Best Ethnic Diversity" colleges, and *Washington Monthly* named CSE among the top 100 schools on both "Best Master's Universities" (#98 out of 695 nationwide) and "Best Bang for the Buck – North" (#38 out of 400 in Northeast region).

Established by the Sisters of Charity of Saint Elizabeth, CSE opened its doors on September 11, 1899 with six students, making it New Jersey's first four-year Catholic college for women. The co-educational continuing studies program began in 1978 and CSE has been fully co-educational since 2016. From its beginning, CSE is continuously committed to providing a superior educational experience that is affordable.

In addition to our traditional four-year undergraduate program, CSE offers a variety of flexible evening, weekend and online continuing studies, graduate and professional certificate programs. Degree programs include our new four-year prelicensure BSN, Biology, Business, Counseling Psychology, Criminal Justice, Dietetic Internship, Education/Educational Leadership, Foods and Nutrition and Psychology. In fall 2019, we will welcome our first class in the new M.S. in Physician Assistant program.

Visit us at [www.cse.edu](http://www.cse.edu) to schedule an individual campus tour or register for one of our upcoming open houses, including our virtual sessions for graduate and continuing studies students. ■

*Less than an hour train ride from New York City, our beautiful campus is home to a variety of undergraduate, graduate, continuing studies and professional certificate programs. In fall 2019, CSE welcomes its first class in the new M.S. in Physician Assistant program.*
