Healing Begins Here

Holy Name Medical Center is a fully accredited, non-profit healthcare facility based in Teaneck, New Jersey, with a highly competitive, accredited School of Nursing and off-site locations that include the region's first freestanding residential hospice, Villa Marie Claire in Saddle River, and HNH Fitness®, a medically-based fitness center in Oradell. Founded and sponsored by the Sisters of St. Joseph of Peace in 1925, Holy Name is a dynamic medical center providing the highest standards of clinical care and advanced technology in an environment based in compassion and respect for each patient.

CENTERS OF EXCELLENCE

Holy Name's Regional Cancer Center offers leading-edge diagnosis and treatment services for people with cancer. Accredited by the American College of Radiology, the American Society for Radiation Oncology and the American College of Surgeons Commission on Cancer as a Comprehensive Community Cancer Center Program, the Cancer Center affords access to a broad spectrum of services, and high-quality patient care.

Led by internationally recognized interventional radiologists,

the Interventional Institute offers patients innovative, non-surgical treatment options for a broad spectrum of illnesses – from varicose veins, uterine fibroids and osteoporosis, to deep vein thrombosis, peripheral artery disease and cancer.

The Emergency Care Center, accommodating 55,000 patients annually, offers a physical space engineered for efficiency, comfort and privacy and features a pediatric fast track.

Holy Name's multidisciplinary cardiac team provides optimal quality of care with experts in all aspects of cardiovascular disease management, from prevention and diagnosis, to treatment and rehabilitation. Holy Name is a leader in the newer through-the-wrist cardiac catheterization, which reduces the incidence of complications and hastens recovery.

The new Institute for Simulation Learning provides a sophisticated immersive training experience for medical personnel and first responders to develop safe and compassionate clinical and interpersonal skills.

Other centers of excellence include the Breast Center, Bone and Joint Center, Renal Care Center, newly renovated MS Center and Center for Physical Rehabilitation, Maternal Fetal Medicine Division and an accredited Bariatric Surgery Program. **PS**
