## Delivering Safe & Secure Credit Card Processing & Merchant Services Locally Done Right

Seeing the value in the merchant services industry, longtime friends and business partners Angelo Mendola and Sal DiDonato, pictured, founded Red Bank, New Jersey-based Priority Payments Local in 2013. Priority's philosophy that contributes to its success is simple: customer service is No. 1.

"In addition to offering a wide range of cost-efficient products and services that process merchants' payments helping their business run smoothly, we are available anytime, day and night, as merchants need us," says Mendola. "Saying we provide our merchants with outstanding service is an understatement."

In 2013, 2014 and 2015, Priority earned the prestigious Premier President's Club Award for excellence in service, technology and pricing.

Priority's most popular product is MX Merchant, an integrated payment solution that delivers a custom-built ecosystem that makes processing all forms of electronic payments simple. MX Merchant also provides tools that help with billing and collections,

sales tracking, eCommerce and customer engagement; each can be managed remotely and easily from one single source.

To start saving money on your payment processing, contact Priority today at 800-717-1250 (mention this placement) or sign up now at <http://njbiasso.com/>.
