Serving New Jersey for Over 90 Years

Over 90 years ago, Archer opened its doors and has grown into one of the largest law firms headquartered in New Jersey. Archer has evolved to offer the depth and breadth of services consistent with that of a large law firm, yet we remain committed to providing the responsiveness, efficiency, flexibility and personal attention expected from a mid-size law firm. Our staff currently consists of nearly 200 attorneys and 33 paralegals across eight offices in New Jersey, Pennsylvania, New York and Delaware. This places our law firm among the five largest in the State of New Jersey and 13 largest in the Philadelphia-Delaware Valley Region. In addition to our attorneys and paralegals, Archer employs a dedicated support staff to ensure quality and cost-efficient service to our clients.

In a highly competitive market, Archer distinguishes itself through its highly skilled and credentialed attorneys, intense focus on client service and favorable rate structure to provide exceptional value to clients. The firm is proactive in meeting the needs of its clients, committing resources to remain on the cutting edge of developing legal issues and technology, and managing clients' interests with an ongoing commitment to cost-effectiveness.

We are proud of the long-standing relationships we have with our clients, many of whom we have represented for 25 years or more. While our clients appreciate the results we achieve, the way we achieve those results is equally important to them, making them full partners in the legal process – keeping them informed and inviting their participation every step of the way. We continue to partner with clients on matters that are redefining practices and industries and having a positive impact on our communities. We take great pride in delivering the highest quality results.

Among our attorneys are former elected officials and prominent business leaders – people who have helped to shape the legislative, legal, and regulatory landscape. Our attorneys have distinguished themselves in numerous areas of practice, receiving recognition from a wide variety of legal and industry organizations. Over the years, Archer and its legal professionals have been involved in numerous landmark cases, at all levels of the judicial system, including the United States Supreme Court. The outcomes of these cases have often had a profound effect on the legal framework in which many businesses operate today.
